Will do.

Thanks,

Priscilla

Subject: Merrimack Station Public Comments for Webpage

Hi Priscilla,

Would you please have Jun add public comments to the Merrimack Station webpage. I would like to have another box at the top of the page titled "Comments Received in Response to the Revised Draft Permit for Merrimack Station" that includes the comment documents, which I will send to you as attachments in several forthcoming emails (I cannot send all at once due to email size restrictions). Please let me know if you or Jun have any questions.

Thanks so much.

Sharon

Subject: RE: On The Web ASAP

Hi Sharon:

You might as well wait and send all of them tomorrow in one package. I'm in training but Priscilla will be here, please send the files to the both of us.

Regards,

Paul

Hi Paul,

I can send you comments that I've received via email today. If possible they should be added to the top of the Merrimack Station website and titled "Comments Received in Response to the Re-Noticed Draft Permit Conditions" – It's okay if this is done tomorrow too, if you would rather wait until Priscilla is in. I was told that I can't contact Jun directly. There are also two comments received snail mail – so I can scan them tomorrow also. Let me know what would be easiest for you.

Thanks!

Subject: On The Web ASAP

Hey Paul:

Priscilla and Sandy are not available today and Sharon needs some documents to be put on the web as soon as possible. Is it too late in the day today to make this happen?

I am the Acting Chief of Industrial Permits, so play your cards right and we can get you a better parking space. No promises.

Thanks,

JHN
